

Coastal FC Refund & Collection Policy

(Updated January 2025)

Refund Policy

Coastal FC ("Club") shall apply the following refund policy to all player registrations for all Club programming.

Overview

The Club's refund policy is standard and will be applied consistently. The only considerations for exemption from the refund policy will be for medical reasons (see details below). All other cases will be evaluated against the information below. It is very important that members review the Club's website, ask questions and plan schedules prior to registering.

The two most common refund requests the Club receives that are not approved for any reason are:

- **SCHEDULE (player/family change/conflict)**. The Club tries to release a draft training schedule as early as possible. It is important to note that the Club cannot guarantee training day requests. The City of Surrey's field allocation process does not become finalized until shortly before each season starts, which means that up until this time, the Club cannot finalize its Club's schedule.
- **REQUESTS (team/coach/players/friends)**. The Club will accommodate requests per our policies and on a best-efforts basis. Requests are not guaranteed to be accommodated.

Collections Policy

Collections

At the time a player either accepts a position on a team OR registers for a team, the Club considers this a mutual commitment to the upcoming season.

All registration fees are due at the time of registration, with the exception of where a payment plan has been established between the registrant and the Club.

Registration Fee Structure

The Regular Registration Fee is displayed on the website as the standard fee, but the discounted Early Registration Fee will apply automatically during the early registration period.

Please note: Registration fees are subject to change at the discretion of the Club.

Non-Payment

Past-due payments will be handled as follows:

1. Two (2) weeks past due – Reminder sent to registrant
2. 30 days past due – Registrant will be held out of training and games until payment has been received

If a player leaves the team/Club prior to the end of the season and has an outstanding balance for any reason, including from remaining payment plan installments, all payments will be due immediately, in full. No transfers between clubs/teams will be approved until all registration fees, including all future payments, have been made in full.
